

Balance Responsible Party Acknowledgement

In accordance with the Etpa Rulebook a Participant that is not a balance responsible party needs to obtain and maintain permission from a Balance Responsible Party (BRP) for ETPA B.V. (Etpa) to nominate volumes traded by the Participant to the grid operator (TSO) as part of the balancing group of a BRP.

The Balance Responsible Party (BRP) is additionally required to authorize Etpa to have priority over the nominations of the BRP with the respective TSO, for which appropriate forms need to be submitted to the TSO by the BRP and for which confirmation by the TSO shall be provided to Etpa.
